## Pre-congress Taster Workshop vNOTES

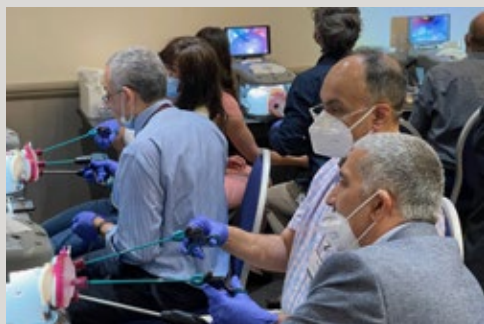

### Objectives

This is a taster workshop for vNOTES surgery aiming at consultants and Senior Trainees ( ST6/7) who are interested in this novel concept should they wish to know more. This can be an interactive introduction to the technique with short presentations, videos and hands on simulators supervised by vNOTES surgeons.

This will be a great opportunity to meet the faculty and the Applied Medical team to ask questions and explore further training events and have an appreciation of the instrumentation, the devices, the applied anatomy and steps of the procedure.
